## REACH Statement for Styrene

On June 1, 2007, the European Commission's new regulatory system (EC 1907/2006) for the Registration, Evaluation, Authorization and restriction of Chemicals (REACH) went into effect. TOTAL Petrochemicals USA, Inc. (TOTAL) produces styrene. Styrene is commonly used as a monomer for many different types of polymers.

TOTAL has REACH pre-registered our styrene using an Only Representative (OR) to assist our customers who manufacture styrenic based polymers which are exported into the EU.

TOTAL's OR for styrene is:

Intertek Analyses Chalon  
Campus Industriel Grand  
Chalon Route de Chalon Sur Saone  
France, 71102
