

Darrell Jacob

Refinery Manager,
TOTAL Port Arthur Refinery

Darrell Jacob

Darrell Jacob became Refinery Manager of the TOTAL Port Arthur Refinery in 2006. He graduated from the University of Texas at Austin in 1975 as a chemical engineer and has a certificate in Advanced Transportation Management from Northwestern University. He held management positions at several manufacturing facilities in Texas, Illinois, and Louisiana before joining TOTAL in 1997 as Mechanical Manager at the Port Arthur Refinery. He became Assistant General Manager and Production Manager at Port Arthur in 1999. In 2003, he became General Manager of TOTAL's Milford Haven Refinery in Milford Haven, U.K.

Memberships

He is a senior member of the American Institute of Chemical Engineers, Chair of the Southeast Texas Plant Managers Forum, Executive Board Member, Three Rivers Council of Boy Scouts of America and Advisory Board Member for the Golden Triangle Minority Business Council. He is a registered Professional Engineer in the State of Texas.
